4 Nations Participating

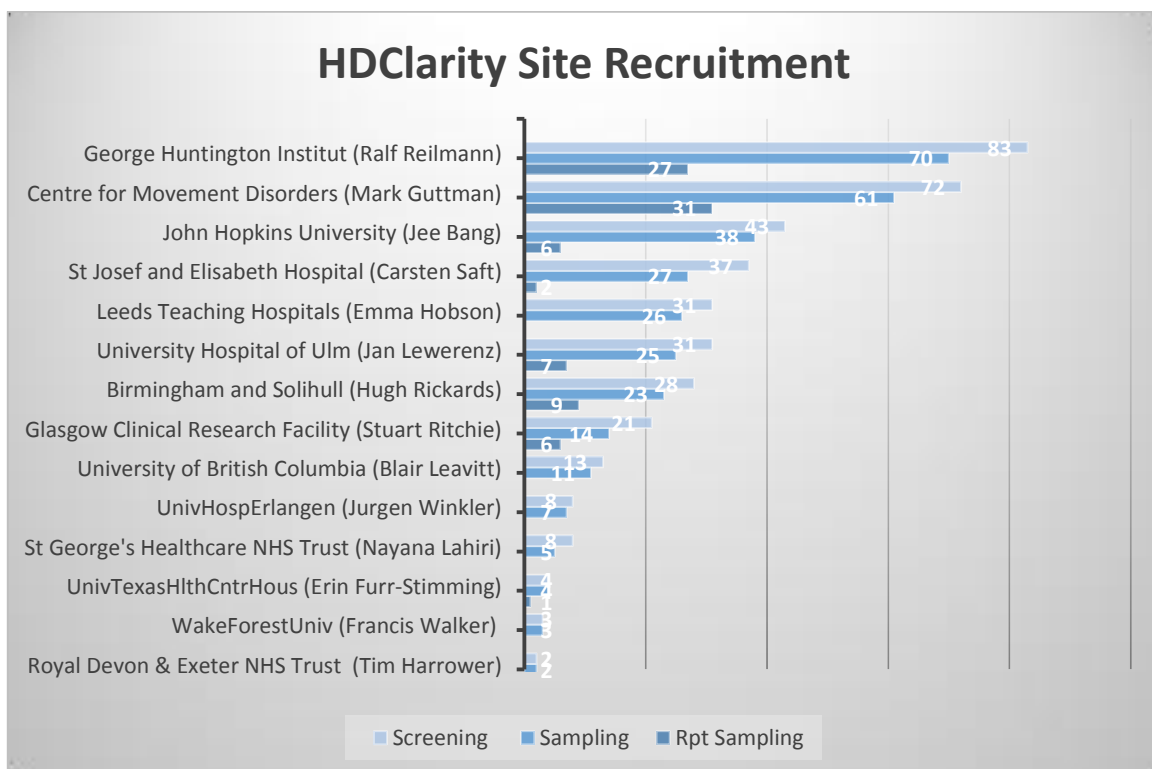

15 Clinical Sites Worldwide

356 Participants

Dear HDClarity Teams!

Thank you to everyone for all of your hard work, we have now completed 317 sampling visits and 89 repeat sampling visits!

Congratulations to Royal Devon & Exeter NHS Foundation Trust who is now recruiting!

*The chart reflects recruitment data of initiated sites extracted from the HDClarity EDC to date (29st Apr). Any data not yet entered on the EDC will not be shown here.

Recruitment by HDClarity Category

| Completed Initial Sampling Visits | | | | | | |
|-----------------------------------|-----------------------|---------------------|------------------------|------------------------|------------|-------|
| # Early Premanifest HD | # Late Premanifest HD | # Early Manifest HD | # Moderate Manifest HD | # Advanced Manifest HD | # Controls | Total |
| 37 | 73 | 118 | 11 | 11 | 67 | 317 |

REMINDERS

- We understand that recruitment of healthy controls can be a difficult aspect of the study but we encourage all sites to increase the recruitment of healthy participants. Please ask the caregivers and family members attending the clinics if they would be willing to participate in HDClarity.
- Sites are advised to reach out directly to HDClarity CC with any future requests pertaining to Greenphire user access/deactivation and changes to account. Please do not contact Greenphire support team for these requests.

Please contact UCL Central Coordination if you have any questions hdclarity-cc@enroll-hd.org
